F. Stipends:

The Special Education Department is requesting the approval of stipends for 3 current Registered Behavior Technicians or Behavior Educational Assistants who work at Simon Springs Community School in order for them to ride to and from school with their students on the school buses. Their knowledge of the students and the relationships they have formed during the school day will allow for a safer environment on the buses. The three positions will receive \$5000. Stipends will be paid per semester in December and May during the 2024/2025 school year. General Purpose funds will be utilized for these stipends.

Recommended Motion – to approve the consent agenda as presented.

6. PUBLIC COMMENT*

**Public comment requests to address the Board must be provided in writing to the Director of Schools' office no later than noon (12:00 p.m.) on the day of the meeting by completing the Public Comment Form. Speakers will have three (3) minutes to speak.*

7. RUTHERFORD STRONG

- Summer Yun
- Megan Zhao

Stewarts Creek High School

- Jacob S. Jones

8. INSTRUCTION (TAB 2)

I. Additional Arabic Parent Liaison for ESL Department

The ESL department is requesting to add an additional Arabic Parent Liaison. With the increase of Arabic speakers in the district, there is a need for additional translations for school documents, district documents, parent communication and meetings, and enrollment support. This is a 10-month position that will be funded by Title III.

Recommend Motion – to approve for an additional Arabic Parent Liaison for the ESL department that will be completed funded by Title III funds for the 2024-2025 school year.

II. Optimal Health for Me (oh4m)

Optimal Health for Me is a sexual risk avoidance (SRA) program promoting a holistic approach to sex and healthy relationships. This program aims to provide trained speakers to classrooms within RCS aligned to the standards within the expectations of family life instruction. This program complies with TCA 49-6-1301 through TCA 49-6-1308 requiring a program to be age-appropriate, sexual risk avoidance/abstinence-centered, evidence based, and medically accurate. This program is available for grades 6-12 and ranges from 3-5 lessons.

Recommended Motion - to approve the Memorandum of Understanding between oh4m and RCS as presented.

III. Science Curriculum Adoption Committee

The names and qualifications of the following individuals are being submitted for appointment to the 2024- 2025 Science Curriculum Adoption Committee upon Board approval. The appropriate forms, ED Form 2150, are attached. The document includes the educators, parents, and experts to serve on each respected committee.

Recommended Motion – to approve the individuals submitted to serve on the 2024-2025 Science Curriculum Adoption Committee.

IV. Academic Calendar for 2025-2026

Recommended Motion – to approve the 2025-2026 Academic Calendar as presented.

V. Discussion of additional ESL Positions

Recommended Motion – to approve nineteen (19) ESL positions to meet state requirements of teacher to student ratios.

9. LEGAL (TAB 3)

I. Out of County Transfer Student

The Board has been requested to admit a transfer student from another school system under discipline. The student was expelled for possession of two (2) knives in his backpack. According to Policy 6.318, the Board may deny admissions of any student (except those in state custody) when a student transfers from another school system while under suspension or expulsion.

Director of Schools' Recommendation: Deny admission.

Recommended Motion - to admit or deny the admission of this Out of County Transfer Student as presented.

II. Use of Facilities

Discussion on Retro Review

10. ENGINEERING AND CONSTRUCTION (TAB 4)

I. Request for LaVergne High School Annex bid #3766: On Thursday, September 26, 2024, Purchasing and Engineering and Construction received bids for the site work and construction of the Annex for Laverne High. All bids have been reviewed and Engineering and Construction recommends Robert S. Biscan and Company, \$36,989,000.00 base bid plus alternate #1 \$90,000.00 for a total bid of \$36,430,000.00. Engineering recommends motion to approve the request and moving forward to Health and Education with a request for funding in the amount of \$43,930,000.00.

Breakdown:

Construction	\$36,430,000.00
Constr. Related Contracts	\$2,000,000.00
FFE	\$3,000,000.00
Design	<u>\$2,500,000.00</u> ** Already funded **

Total Request \$43,930,000.00

Recommended Motion - to send to Health and Education for Robert S. Biscan and Company for \$36,430,000.00 and a total project request for funding at \$43,930,000.00 as presented.

II. Request for Simon Springs casework and restroom renovations bid #3770 and #3771: On Tuesday, September 24, Purchasing and Engineering and Construction received bids for the casework and selected renovations for Phase II of Simon Springs. All bids have been reviewed and Engineering and Construction recommends Steve Ward and Associates casework bid of \$ 237,723.00 and the bid for selected renovations to Romach, Inc for \$715,000.00. For procurement of furniture, equipment and technology we request the reallocation of \$600,000.00 from Westbrook-Woods to this project.

Recommended Motion - to approve the casework and selected renovation bids as presented.

III. Westbrooks Woods renovation design and city review update.

IV. Thurman Francis Arts Academy arts trail concrete request: Principal Mark Gonyea is requesting to have concrete installed over the gravel arts trail. The project is being donated by Smyrna Ready Mix for the material and HMA for the labor. Engineering and Construction has reviewed the request and has no objection. This request is at no cost to the Board.

Recommended Motion - to approve the TFAA request to concrete the arts walking trail as presented.

V. Wilson Elementary school requests to accept the Richard Siegel Grant: Principal Angela Barnes is requesting permission to accept the awarded Richard Siegel grant for \$8,975.00 to fund outside recreational play equipment. Engineering and Construction has reviewed the request and finds no objection. This project is at no cost to the Board.

Recommended Motion - to approve the Wilson Elementary Siegel Grant request as presented.

11. FINANCIAL MATTERS

Creation and Incorporation of The County Schools Foundation

A request has been made by a Board Member to create and establish The County Schools Foundation with the primary objective of raising and managing funds to support the educational needs of Rutherford County Schools. The foundation would ensure additional financial resources for student programs, teacher development, classroom technology, infrastructure improvements, and other educational initiatives. The incorporation of this foundation would benefit Rutherford County Schools' 51,000+ pre-K through 12th grade students and serve as a venue for other foundations and corporations to make donations, positively impacting the school system as a whole.

Recommended Motion - to approve the creation and establishment of The County Schools Foundation, with the primary purpose of raising and managing funds to support the educational needs of Rutherford County Schools and to authorize the Board Attorney to proceed with the incorporation of the foundation.

12. RESOLUTIONS (TAB 5)

I. A resolution is being proposed by several Board Members encouraging criminal prosecution for mass threats against schools.

Recommended Motion – to approve the resolution to urge full criminal prosecution for threats against schools.

II. A resolution is being proposed by a Board Member in opposition to a convenience center being built on the property of LaVergne Lake Elementary and LaVergne Middle Schools.

Recommended Motion – to approve the resolution opposing the building of a convenience center on the property of LaVergne Lake Elementary and LaVergne Middle Schools.

8. RUTHERFORD PROUD

Blackman alumna, Claressa Ham is the founder of Archie’s Promise, a local non-profit agency that has been providing hygiene vending machines at no cost to several local schools, based on principal requests. The machines have become highly popular with administrators, teachers, and students. Ms. Ham will discuss the project and her ultimate plans to expand the machines to any school that wants one.

Ms. Ham said we currently have seven (7) hygiene vending machines; four in high schools (LaVergne, Rockvale, Riverdale and Siegel HS, two in middle schools (Christiana and Smyrna) and one elementary school (Murfreesboro City School). In addition to the free hygiene items distributed through the vending machines, Archie’s Promise also provides affordable formal wear to students in the community.

9. INSTRUCTION (TAB 2)

I. Under the supervision of the Special Education Coordinator, an Assistive Technology Educational Assistant is requested to assist students and teachers with Assistive Technology needs including but not limited to post training follow up, observations, fidelity checks, and data collection. This position will be funded through IDEA Part B funds.

Motion made by Caleb Tidwell and seconded by Butch Vaughn, to approve the new position of an Assistive Technology Educational Assistant to the Special Education Department. Funding for this position will be through FY25 IDEA Part B funds as presented.

**Vote: All yes
Motion passes.**

II. Academic Calendar request. TSSAA has requested the following dates for Fall Break 2025-2026, Monday, October 6 - Friday, October 10, 2025. They also requested Fall Break 2026 - 2027, Monday, October 5 - Friday, October 9, 2026.

Motion made by Butch Vaughn and seconded by Katie Darby, to approve the Fall Break requests for the academic calendars for 25-26 and 26-27 SY as presented.

Vote: All yes
Motion passes.

10. HUMAN RESOURCES (TAB 3)

More information available 9/17/24 Work Session: Insurance Committee Recommendations and Presentation.

Board Meeting: Dr. Sullivan summarized the two (2) insurance options being voted on.

Option 1-Individuals who choose the premier/open access plans may pay an increase not covered by your employer. Stonecrest/TriStar facilities on the north end are not included in the narrow plans, but under an emergency situation all insurances would provide coverage.

Option 2-RCS will cover 20% of all costs regardless of which insurance plan an employee selects.

Stan Vaught asked if Option 1 was the Insurance Committee's recommendation. Dr. Sullivan confirmed.

Motion made by Stan Vaught and seconded by Frances Rosales, to take the Insurance Committee's Recommendation and chose Option 1.

Vote: All yes
Motion passes.

11. LEGAL (TAB 4)

Out of County Transfer Student

The Board has been requested to admit a transfer student from another school system under discipline. The student was expelled for possession or use of drugs.

According to Policy 6.318, the Board may deny admissions of any student (except those in state custody) when a student transfers from another school system while under suspension or expulsion.

Director of Schools' Recommendation: Deny admission.

Motion made by Tammy Sharp and seconded by Katie Darby, to deny the admission of this Out of County Transfer Student as presented.

Vote: All yes
Motion passes.

12. ENGINEERING AND CONSTRUCTION (TAB 5)

- I. Request for Siegel Middle softball batting cages: Principal Kim Stoecker is requesting to install a 45' x 65' batting cage area for the softball team. The estimated cost for this project is \$48,000.00 and will be at no cost to the school or School Board. All materials and labor are being donated by a local business. This area has been known to flood periodically in the past and Engineering does not believe it will make the problem worse. It could however be under water at some time. Engineering and Construction has reviewed the request and has no objection.

Motion made by Caleb Tidwell and seconded by Tammy Sharp, to approve the Siegel Middle School Softball request as presented.

Vote: All yes

Motion passes.

- II. Request for Homer Pittard Campus School GaGa ball pit: Principal Sherry King is requesting to install a GaGa ball pit on their playground. The estimated cost for this project is \$4,000.00 and will be at no cost to the School Board. All materials are already in hand and paid for. The labor is being donated by a local business and funded through the PTA. Engineering and Construction has reviewed the request and has no objection.

Motion made by Butch Vaughn and seconded by Katie Darby, to approve the Homer Pittard Campus School request as presented.

Roll Call Vote:

Stan Vaught - Yes

Tammy Sharp - Yes

Katie Darby - Yes

Butch Vaughn - Yes

Caleb Tidwell - Yes

Frances Rosales - Yes

Claire Maxwell – Yes

Vote: All yes

Motion passes.

13. LIBRARY BOOK REVIEW

Final decision is due by September 19, 2024, for the following titles: *Beloved* by Toni Morrison, *Queen of Shadows* by Sara J Maas, *Tower of Dawn* by Sara J Maas, *Homegoing* by Yaa Gyasi, *Skin and Bones* by Sherry Shahan, *The Perks of Being a Wallflower* by Stephen Chbosky, and *Wicked* (The Life and Times of the Wicked Witch of the West) by Gregory Maguire.

Motion made by Stan Vaught and seconded by Butch Vaughn, to instruct high school librarians (Media Specialist) to create an area behind the counter for parent approval only books. This section will immediately (upon passage of this motion) be created tomorrow and any library having these seven (7) books shall maintain them in this area. Going forward, any book contained in the high school library that have a rating of 3 or 4 on BookLooks.org shall be contained in this area and any book with a rating of 5 shall be removed immediately. Furthermore, any book purchased or donated that falls into this rating system of 3 or 4 shall be contained in this area.

Katie Darby requested further discussion prior to the motion moving forward and stated that the board needs to first consider what is to be done with the (7) books that have been challenged before the board. Jeff Reed reminded members of the board that the question to be addressed presently is whether or not these (7) challenged books meet the definition of “sexually explicit” and/or “obscene” under state law. Board members continued debate as to whether the board should consider removing the books in question. Mr. Reed clarified aspects of the statutes defining sexually explicit or obscene materials as defined by T.C.A. § 39-17-901 since this is the statute that the board has incorporated in its policy. Tammy Sharp requested that multiple emails she received from members of the public be included with the minutes so they may be on the record.

Chairman Claire Maxwell called a recess from 7:23 p.m. to 7:33 p.m.

Caleb Tidwell made a motion and seconded by Tammy Sharp, to amend Mr. Vaught’s motion and vote on these books individually and to not move forward with the creation of a mature reading list.

Frances Rosales questioned whether Caleb Tidwell’s amended motion was in fact a brand-new motion that could therefore not be voted on at this time. Mrs. Rosales and Mrs. Maxwell expressed concern that Mr. Tidwell’s motion contradicts Mr. Vaught’s original motion.

Jeff Reed informed the board that an amendment to a motion must relate to the original motion and cannot contradict the original motion. Mr. Reed clarified that the first component of Mr. Tidwell’s motion to amend could be voted on with regard to taking action on the books individually. Mr. Reed explained that if a majority of the board voted to amend Mr. Vaught’s motion the Board, the Board would then vote on the application of Mr. Vaught’s motion on an individual book by book basis.

Katie Darby questioned the motion, asking how libraries can put books on a mature reading list that does not currently exist and restating that the criteria for creating a mature reading list must first be agreed upon by the policy committee. Jeff Reed advised that the Board could act on the seven books as they were listed as an action item on the agenda, and the Board could later take up any desired changes to policy in the future.

Stan Vaught made a motion to call the question as to Caleb Tidwell’s amendment.

Vote on Motion to Call Question and end debate.

Katie Darby - No
Butch Vaughn - Yes
Caleb Tidwell - No
Frances Rosales - Yes
Stan Vaught - Yes
Tammy Sharp - No
Claire Maxwell - Yes

Vote: Majority
Motion fails. (2/3 vote required)

Following the vote, there was further discussion by Board Members.

Caleb Tidwell rescinded his motion to amend, and Tammy Sharp who had seconded the motion to amend agreed to rescind her second to the motion to amend.

Original motion made by Stan Vaught and seconded by Butch Vaughn, brought back to the Board for vote.

Vote was then taken on Motion made by Stan Vaught and seconded by Butch Vaughn, to instruct high school librarians (Media Specialist) to create an area behind the counter for parent approval only books. This section will immediately (upon passage of this motion) be created tomorrow and any library having these seven (7) books shall maintain them in this area. Good afternoon.

I am writing to you to ask you to please remove the books from the school libraries that are currently being reviewed for obscenity issues.. I am not asking for them to be banned as they can be found at the public library for students and their families can choose to have them in their homes.

This type of obscenity isn't what our students need these days. If the parents or students want these types of books in their homes they can purchase them, but our students need opportunities to read great literature and the classics and not be distracted by obscene options.

It was mentioned that almost every child has a cell phone and can see/read so many bad things, but that doesn't mean that the school has to "promote" sexually explicit content by allowing these books in our libraries. By the board allowing these books, we are agreeing these books are fine for ALL students at that school to read. Just because something is "already available" doesn't make it right or BEST for our students.

One board member mentioned that we can not legislate morality, but in the same meeting mentioned that we needed to be much stricter in how we handled the students that made threats against our schools. While I agree with Mr. Vaught that our students that make these threats ought to be subjected to the harshest penalty to stop these actions from occurring, I want to state that this is ALSO a moral issue and we ARE legislating it by making the penalty stronger.

When we can follow the law to remove obscene books from our shelves it will allow our students to focus more on their studies and on the books in the libraries that ARE appropriate to be read.

It is time for someone to stand up for our students and allow the librarians to help guide our students to great literature and not have to handle these issues themselves.

Concerned parent,

Dear Rutherford County Schoolboard Members,

I am writing in regard to the upcoming vote at this evening's meeting resulting from your review of the seven books that were proposed to be removed from our school libraries due to their obscene content, and age-inappropriateness. As a 7-year resident of Rutherford County, and the grandmother of six school-age children, I am extremely concerned about the overreach of school personnel (using taxpayer-funded resources) to furnish such content to our school libraries for minors to access, without parental notice or consent.

I am sure each one of you has reviewed the content in question in the seven books, as have I and many other concerned constituents of Rutherford County. My assumption is that you are therefore in agreement that all of these books *do not provide any educational benefit* to our students as part of their public school education; and therefore, each of you will be voting to remove them from all Rutherford County School libraries immediately.

Thank you for doing your due diligence, as elected officials, in keeping the focus of our children's education on academics; allowing *parents* to decide how and when to provide "teaching" for all other aspects of their own child's development, according to their beliefs and personal decisions.

Sincerely,

Dr. B. Day Budds

*Let the fear of God increase, and let the name of **Jesus** be exalted, amen!*

Dear Rutherford County Schoolboard Members,

You are likely receiving this email from many concerned parents today. I am borrowing this language but stand behind each word whole-heartedly after personally reviewing the highlighted content of all 7 books and feeling disgusted that we even need to have this conversation:

I am a resident of Rutherford County and mother of six children. I would like to address the decision you have to make regarding the seven books under review that will be voted on for removal from school libraries at tonight's meeting.

I am sure all of you have reviewed the questionable content that is contained in these seven books. I reviewed it myself on <https://bookreviewrc.com/> (<https://bookreviewrc.com/>) and was appalled at the content that is made available to minors in public school libraries. As a mother, I would be quite angry if my children were exposed to the material contained in all seven of these books at school as it is completely inappropriate, even at the high school age levels.

I would hope that each of your personal values and morals would quickly lead you to the decision to remove all seven of these books from our schools. Beyond that, consider your constituents and the fathers and mothers and families that you represent. You were elected to lead our students and schools and improve our children's educational opportunities. Providing access to sexually explicit content does not fall within that scope, while removing that content from school libraries does. Finally, there is the legal aspect of the Tennessee obscenity law to comply with.

We will be watching how each board member votes in tonight's meeting. If you have any feedback, I would be happy to discuss it with you.

Sincerely,
Dana Williams

This letter is my urgent request to vote to remove the garbage that has been made available to school children. I will assume that each one of you has read enough of what is being offered that you do not think it is appropriate for 9 through 12 students. I don't know how you can vote for or against these books if you have not read any of their content. It will be interesting to see the outcome of who voted to keep the books vs who voted not to provide sexually explicit literature to children.

Mr. Vaughn, regarding your comment that kids have cell phones and thus can look up and read whatever they choose, some parents actually monitor what their children read. If you are sure that they will read this smut, then it should not be an issue that you vote to take the books out of the library so that my grandchildren and great grandchildren have less access to them.

Dear School Board Members,

I am writing to express my strong support for eliminating obscene content from our schools. As a parent of a 5th grader and a 1st grader, I find it abhorrent that graphic sexual material can be available in school libraries. If pornography is not accessible on school networks, why should it be available in literary form?

Thank you for voting to eliminate this content in school and seeing the importance of this issue for our children's well-being.

To the Rutherford County Schoolboard

I reside in Rutherford County relocating here from California following a 30-year career in law enforcement as a Homicide and Major Crimes Detective.

The books you will be voting on for removal from school libraries, Thursday night, September 19th, should be removed from school libraries. I have reviewed these books finding their content to contain salacious sexual passages unfit for the children of our community, or children anywhere for that matter.

I expect my elected officials to act with moral clarity especially regarding the protection of our most precious of all our assets, our children. Purchasing books with sexually explicit content for school libraries is also an indefensible expenditure of our county's tax money.

I advise you, the opinions of outside activists, agitators, and groups like the ACLU should have little bearing on your decision. Your obligation is to the residents and taxpayers of our county. Outsiders have no personal investment in our community, they merely show up with their chaos leaving rubble for us to clean up in their wake.

Many of my fellow residents and churchgoers are monitoring your votes, and I say again, we are the ones that matter, not those with no personal investment or ties to our community. It's our community standards at issue not Hollywood's.

I'm unavailable to attend the meeting today, so please read this on my family's behalf.

My friend Keri said it best, "I think one of the biggest things the average person can do, if they struggle with the ego vs the soul, or the flesh vs the spirit, or the dark vs the light, or evil vs good in any decision (no matter how "small") is to look at the people who have given themselves over to darkness, to the flesh, to the ego, to evil.

Look at these soulless monsters, worshiping the utterly empty, the vapid and the commonplace things; the self, the ego, status, the body, substances, meaningless transactional sex, identity, power over others, money.

Look at them & at what they become (or have always been?): lowly liars, hypocrites, adulterers, cowards, hedonists always chasing the next high and never quite getting there...look at these base and depraved people, without a shred of truth, compassion or empathy in them for good or for their fellow man. And understand that they got there step by step. And you don't want to follow those steps!"

Dear Rutherford County Schoolboard Members,

My wife and I are residents of Rutherford County. I would like to personally address the decision you have to make regarding the seven books under review that will be voted on for removal from school libraries at tonight's meeting.

On television last night a librarian stated that children have a right to have access to these seven books and presumably other questionable books and materials. God gives mankind rights, not librarians. Parents set allowances, that is moral guiderails, for their children until they reach adulthood, not librarians. God gave children the right to be children. School boards and librarians do not have the right to take that right away from them.

I am sure all of you have reviewed the questionable content in the seven books in question. I reviewed it myself on <https://bookreviewrc.com/>. Frankly, I was appalled at the content that is made available to minors in public school libraries. As a father, I would be quite angry if my children were exposed to the material contained in these seven of books at school as it is completely inappropriate, even at the high school age levels.

I hope that your personal values and morals will quickly lead each of you individually to the decision to remove all seven of these books from our schools. You were elected to lead our students and schools and improve our children's educational opportunities, not to deprive our children of their childhood. Providing access to sexually explicit content steals a child's innocence. It is certainly within your scope responsibility to remove these books and see to it that these books or other similar in nature are never on the library shelves. And of course, there is the legal aspect of the Tennessee obscenity law to comply you are responsible to comply with.

I will be watching with great interest how each board member votes in tonight's meeting.

Sincerely,

Christopher Kern

We have the power to make positive changes for children within our sphere of influence and reasonable ability. Just because we can't control what happens outside of our influence doesn't mean we should allow indecent materials to be available within it. There's no excuse for keeping obscene and perverse materials in libraries just because they are available elsewhere. We have the opportunity and the responsibility to reduce the indecency that children are exposed to. By voting to remove the seven indecent books, we can make a positive change within our sphere of influence and reasonable ability.

EXTERNAL EMAIL: Do not click any links or open any attachments unless you trust the sender and know the content is safe.

Dear Rutherford County School Board Members,

I am writing about the subject that is being discussed regarding Sexually Explicit Content, deemed erotica, within books currently being reviewed. I find these books to be objectionable and should NOT be a part of the educational system. I find absolutely NO EDUCATIONAL PURPOSE in this content. Please vote to REMOVE all seven books. It is illegal for a minor to purchase pornography. I would argue that this content is at least promoting pornography by its extremely graphic depictions and can easily lead to one's desire to pursue it. That being said, not every boy has it in the barn, and I will do my best to keep it away from my children.

It's my responsibility as a parent to protect the innocence of my children. We live in a world that attempts to erode and steal childhood innocence too early through images, movies, immodest dressing, written content and social media, that should be avoided until a proper age that the material can be properly processed. At appropriate maturity levels, children should be taught healthy sexuality and intimacy in preparation for marriage. These books promote unhealthy, impulsive, irresponsible, sexuality that can lead to unwanted pregnancy, teenage pregnancy, abortion, STIs, regrets, guilt, loss of self-respect, depression, suicide, substance abuse, poor academic progress, teenage fatherhood/motherhood and the burden of providing for an unplanned child. There is a vast difference between sex education and graphic very descriptive depictions of erotic sexual encounters.

It is no secret that there is an epidemic of teenage pornography that has led to serious addiction. These books encourage and promote pornography by providing very descriptive depictions of sexual activity that is inappropriate. They promote promiscuity without commitment, self-indulgence rather than self-control, objectifying and disrespecting women and ignoring their request of "NO". This morning I woke up to the news on the BBC of a man from London who is being accused of

raping at least five women. We've heard these types of stories over and over. I can only wonder if many of these men were exposed to sexually explicit material at an early age.

I personally believe these books are harmful to minors and at least some have absolutely no literary, artistic, political, scientific or educational value, describes offensive sexual content, and appeals only to the prurient interests. There has to be other books of a similar nature that excludes sexually explicit content. There has to be more wholesome books that has excellent literary, artistic, political, scientific or educational value that excludes this type of smut.

I used to work in a school district as an IT Professional. That school district had a firewall which blocked pornography and other sexually explicit content, as I would guess every school district does. Saying that children have access to explicit materials on their phones, so we should allow them to have these books, is the equivalent of saying let's unblock the firewall, so they can have access to whatever they want because they are going to get it anyway. That's irresponsible. The firewall has a purpose of protecting them from materials that their minds are not ready to process. And if they are able to obtain such material, let the school not be the provider of it or be responsible. And let not my tax dollars be used to buy this lewd material.

I also take issue that these books promote the use of the F-Word (as well as other unnecessary words), and if it is not allowed to be spoken in the school, how can it be allowed to be read from a book. I would not want my child to come home one day and tell me they learned any of this at school or from a book they found in the school library.

Schools should be a safe place for children where healthy values are taught including self-respect and respecting others which leads to being a responsible citizen. The school system is not a place for students to learn about erotic graphic sexual content. This content teaches the opposite by objectifying people for selfish purposes and exposes young minds to powerful images that can have harmful consequences. We are already seeing the effects of this in our society, but sometimes it seems no one is paying attention. For the sake of our country, society, and children, we need to wake up. Please say NO to these books that promote erotic depictions of inappropriate sexually graphic material.

Thank you for reading. Please feel free to share any of this content.

Rutherford County School Board Members,

I am writing this email to voice my support for obscene book review committee and the work it has put into reviewing the 7 books it believes meet the legal requirements for removal due to obscenity in accordance with Tennessee state law.

The website (<http://www.bookreviewrc.com>) maintained by the committee lists several excerpts from the books in question that contain clear sexually explicit content that should not be provided to our children by the school system. Several of the excerpts contain extremely descriptive accounts of sexual activity intended to provide the reader with a clear picture of what sexual activities the characters are doing and their thoughts, emotions and passions.

I don't understand how it's defensible to provide children with gratuitous and frankly obscene graphic sexual content and these 7 books fall under that category.

I do understand there is a narrative some are trying to push that it is a heroic defense of our nation's first amendment to provide this content to children, but we have always had limits on what is provided to our children by the schools and this will be nothing different. At the end of the day, those opposed to the removal of these books are advocating for the provision of gratuitous sexually explicit content to our kids by the school system as what is up for vote are these 7 specific books. I am aware it won't be described that way by those that want to keep the books, but it is in effect what the result will be if these books continue to be provided to the children.

TN state law provides the board with the ability to do the right thing here. Please do so.

Board Members,

The books under current review that will be voted on tonight are completely inappropriate for children! They are obscene and sickening. I, as a grown woman, cannot even stomach it all.

I really hope you do not blindly vote but vote educated on the topics in which you are making decisions. If you have done so, there should be no question on the obscenity of these books. The perversion of sexualizing our children has to stop! This is detrimental to their mental well-being. Studies prove this over and over again.

Please remove each and every one of them. If you would not feel comfortable reading it to your children or grandchildren aloud, they should not be in our libraries! You cannot say you are conservative and vote to sexualize our children! They do not have the same freedoms we have as adults and shouldn't because they are not ready for them. They are minors under our care. Their minds are still developing and it is our job to protect them. They have to be in school, they have to abide by a dress code, and they have to have self control in the classroom under a code of conduct.

I also ask that you do not simply put them behind a smokescreen of a mature section. Once the book is there, any child could get their hands on it. Do you really think children will not pass it around? That is just a loophole and it's ridiculous. If the parent really wants them to have access to these books there are other ways. But I should not be forced to pay for these books that are harming the minds of these sweet children.

Please vote to remove these books. I look forward to your response in how you will be voting with a rationale for why you think that is the best decision on behalf of the sweet children.

"It would be better for him if a millstone were hung around his neck and he were thrown into the sea, than that he would cause one of these little ones to stumble."

Tammy,

I am writing to voice my deep concern for the questionable books that are you for vote tomorrow evening. I am incredibly disturbed to think that this type of vulgar literature could be in my child's book bag without my knowledge. What kids read and the words they learn from literature have a **profound** impact on the words they repeat, the thoughts they think and what type of people they become. I am confident you will make a wise decision in order to keep the next generation safe from words and language that could expose them to unnecessary content and bring them harm at too young of an age. Thank you in advance for your attention to this important issue.

Dear Rutherford County Schoolboard Members,

I am a lifelong resident of Rutherford County and the father of three school age children. I am also the Vice Chair of the Rutherford County Young Republicans. I would like to both personally and on behalf of our organization address the decision you have to make regarding the seven books under review that will be voted on for removal from school libraries at tomorrow's meeting.

I am sure all of you have reviewed the questionable content that is contained in these seven books. I reviewed it myself on <https://bookreviewrc.com/> and was appalled at the content that is made available to minors in public school libraries. I would hope that each of your personal values and morals would quickly lead you to the decision to remove all seven of these books from our schools. Beyond that, consider your constituents and the parents and families that you represent. You were elected to lead our students and schools and improve our children's educational opportunities. Providing access to sexually explicit content does not fall within that scope, while removing that content from school libraries does. Finally, there is the legal aspect of the Tennessee obscenity law to comply with.

We will be watching how each board member votes in tomorrow night's meeting. If you have any feedback, I would be happy to discuss it with you.

Memorandum of Understanding (MOU) between Optimal Health for Me Sexual Risk Avoidance Education Program and Rutherford County Schools

Sexual Risk Avoidance (SRA) education takes a holistic approach to sex and healthy relationship building while taking into account the well-being of the whole person. The SRA education program called Optimal Health for Me (oh⁴m) will be providing trained guest speakers to various classrooms of Rutherford County Schools (RCS) in support of teachers' standards within the boundaries of "family life instruction" and/or "sex education." In the course of instruction, oh⁴m will also be providing support materials pertaining to the curriculum.

oh⁴m complies completely with T.C.A. 49-6-1301 thru T.C.A. 49-6-1308 that requires a "family life instruction" program to be:

- Sexual risk avoidance or "abstinence-centered"
- Age appropriate
- Evidence-based approach
- Medically accurate

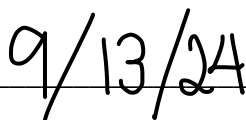

Classroom teachers will be the primary contact with oh⁴m for guest speakers. The oh⁴m education program is a 5-lesson curriculum for middle school and a 3-lesson curriculum for high school that can be presented in the following grade levels:

- 6th grade in either Teen Living or Health/Wellness classes
- 7th grade in either Teen Living or Health/Wellness classes
- 8th grade in either Teen Living or Health/Wellness classes
- High school in Health/Wellness classes or JROTC (typically 9th grade)

Specific themes covered include:

- Lifespan development and puberty
- Healthy and unhealthy relationships
- Boundaries and communication skills
- Goal setting and planning for the future
- Physical and emotional impact of teen sex
- Character education
- Decision-making
- Self-worth
- Success sequence
- Social Media

MEMORANDUM

DATE: September 17, 2024
TO: Dr. James Sullivan, Director of Schools
FROM: Monika B. Ridley, General Counsel
RE: Transfer Student Under Discipline (1)

The Board has been requested to admit a transfer student from another school system under discipline. The student was expelled for possession of two (2) knives in his backpack.

According to Policy 6.318, the Board may deny admissions of any student (except those in state custody) when a student transfers from another school system while under suspension or expulsion.

Director of Schools' Recommendation: Deny admission.

RE: Richard Siegel Foundation Grant Request

Dear Angela:

The Richard Siegel Foundation is pleased to enclose a grant award check for \$8,975. The purpose of the grant is for recreational outdoor play equipment. Cashing the check will indicate your acceptance of the grant and its conditions. Please deposit the check within ten (10) days for accounting purposes. This grant is to be used only for the purpose described in the grant application. **The grant is subject to modification only with the Richard Siegel Foundation's prior approval.** The grantee shall return the Richard Siegel Foundation any unexpended funds after the grant project.

Mr. Richard Siegel's desire for the Foundation was that programs receiving grants from the Foundation would promote high moral and ethical standards and be available to all children regardless of race, religion, or national origin. The Charter of the Richard Siegel Foundation sets out the following goals and purposes to guide the Trustees in the selection of grant recipients:

- (1) **Improving the overall quality of public education in the City of Murfreesboro, Tennessee, and Rutherford County, Tennessee, by increasing community involvement in public education, encouraging imaginative and creative approaches to educating public school students, stimulating optimism in teachers and inspiration in students, and generating energy and enthusiasm within the community in support of the public schools;**
- (2) **Promoting the development of young people and families through recreation in Rutherford County, Tennessee, such as developing city parks like those planned on land donated to the City by Mr. Richard Siegel.**

The Trustees felt that your grant application fell within this mission and would make our community a better place to live. Should you choose to publicize your grant from The Richard Siegel Foundation via the press, local media outlets, or in any of your organization's publications, please use the credit line "Made possible in part by a grant from The Richard Siegel Foundation."

When project is complete, we need you to return the enclosed Grant Reporting form with invoices, pictures, samples, notes, etc. If not completed by February 1st, please send us updates (due February 1st and July 1st) until no grant funds remain. **Failure to provide timely Grant Reporting Forms will put future grant application requests at risk of not being considered.**

If you have questions, please do not hesitate to contact me at (615) 499-5540 or RichardSiegelFDN@firstbankonline.com. Congratulations, and our best wishes to your organization!

Grant Application 2024:

Recreational Outdoor Play Equipment

Wilson Elementary School

Type of Grant: Recreational

Amount Requested: \$8,975

Description of School

Wilson Elementary School is one of fifty schools comprising Rutherford County Schools, which is one of the fastest-growing school districts in the nation. The vision of Wilson Elementary School is "one where the students achieve their fullest potential academically, socially, and emotionally by the following: teachers collaborating to be leaders of instruction; all students having the opportunity to achieve proficiency and beyond by receiving differentiated instruction; providing a positive learning standard that will be achieved by creating a safe and disciplined learning environment." Recent state accountability measures designated Wilson Elementary School as a Level 5 School, which is the highest available rating for a school in the state of Tennessee. Additionally, it is a school that is known in the community for its welcoming environment that places a strong emphasis on family and community involvement.

Past Supporters

Wilson Elementary is heavily supported by its Parent Teacher Organization (PTO), which helps to fundraise for a variety of school needs, including equipment and school events.

Total Budget

The total cost for this project will be \$8,975. (Quotes for individual components of the project are included in the grant description.)

Other Funding Sources

There will be no other sources contributing to this project. If necessary, in the event of significant pricing changes, additional funding may be requested from the school's PTO.

Completion of Project

If this grant is awarded in full, the project will be completed. In the case of a partial award, the project will be modified based on the funds awarded. In any case, there will be no subsequent phases to the project.

Use of Project

All students in kindergarten through fifth grade will benefit from the use of this project. Based on current enrollment data, this means that over 650 students will use this equipment during recess on a daily basis. Students may also use the equipment included in this project during class rewards, gym class, or for after-school play in the YMCA Fun Company.

Project Maintenance

The equipment purchased through this project will be maintained by school staff. Teachers will ensure that equipment is used appropriately, which will play a significant role in the maintenance of the equipment. Any future maintenance costs will be funded through school or PTO funding sources.

Expected Life of Project

The life expectancy of the project can be estimated based on that of typical playground equipment. Since playground equipment usually lasts approximately ten years, it can be expected that this equipment will have a similar life expectancy. Some of the equipment, such as individual balls, will need to be replaced sooner. These replacements will be funded through school or PTO funding sources.

Grant Description

According to research from the CDC Healthy Schools program, students benefit from daily recess time in multiple ways, such as:

- Increased physical activity.
- Improvement in memory, attention, and concentration.
- Increased on-task behaviors.
- Decreased disruptive behavior.
- Improvements to social and emotional development.

Students at Wilson Elementary School receive thirty minutes of scheduled recess time each day. However, it is often difficult for all students in an given grade level to use the

school's playground equipment safely during their scheduled block of time. Teachers often use open field space to provide other play options. Additional recreational equipment would better utilize the time and space that is provided for recess, increasing the benefits that recess provides for students, and helping to promote the development of young people through recreation, as is the purpose of the Richard Siegel Foundation's recreational grants.

Through the requested funding, Wilson Elementary School would add three key recreational elements to the outdoor play space. A basketball goal and concrete court area would allow students to play organized basketball games, as well as games requiring a concrete pad, such as four square. Two soccer goals would allow students to play soccer games, which is currently a favorite recess activity of many students. A set of bases would allow students to use the current dirt baseball diamond as a field for kickball or wiffleball games. Each grade level would have two basketballs, two soccer balls, and a kickball. This equipment would be housed in equipment bags that would hang at the end of the hallways, beside the doors that students use to exit the building for recess. This would ensure all grade levels have what they need for students to take advantage of these play spaces daily. Any additional or replacement equipment related to each activity would be purchased using school funds or parent donations.

This equipment could also be used by gym teachers and their classes, as well as by individual classes and grade levels for class rewards and incentives. Additionally, the YMCA Fun Company, which uses the facilities at Wilson Elementary School for their after-school program, would be able to use the play spaces during outdoor play.

**RESOLUTION URGING FULL CRIMINAL PROSECUTION
FOR THREATS AGAINST SCHOOLS**

WHEREAS, the Rutherford County Board of Education (“Board of Education”) has experienced a concerning increase of threats by students and individuals against schools; and

WHEREAS, threats against schools create an atmosphere of fear among students, faculty, and staff causing significant disruption to teachers’ ability to teach and students’ abilities to focus on instruction; and

WHEREAS, the Rutherford County School System has over 50,000 students and the disruption of school results in the loss of valuable education time costing millions of dollars to the County; and

WHEREAS, as an example, Oakland High Schools recently lost a half a day of instruction due to a false threat, and

WHEREAS, false threats against another school recently resulted in multiple parents picking up their students from school when school had just started; and

WHEREAS, the state legislature has previously enacted legislation providing for the loss of driver’s licenses to students and individuals making threats against schools; and

WHEREAS, a greater deterrent is needed to curb the number of threats against schools;

NOW, THEREFORE, BE IT RESOLVED BY THE RUTHERFORD COUNTY BOARD OF EDUCATION THIS THE ____ DAY OF OCTOBER, 2024, AS FOLLOWS:

The Board of Education urges the District Attorney for Rutherford County to prosecute students and individuals making threats involving schools to the full extent allowed at law, including, but not limited to criminal penalties and incarceration. These penalties would be in addition to the loss of driver’s license privileges by students and individuals making such threats.

**RESOLUTION IN OPPOSITION TO THE CONSTRUCTION OF A TRASH CONVENIENCE
CENTER TO PROPERTY AT LAVERGNE MIDDLE SCHOOL AND
LAVERGNE LAKE ELEMENTARY**

WHEREAS, the Rutherford County Board of Education (“Board of Education”) understands there has been some discussion of locating a trash convenience center to property at Lavergne Middle School and Lavergne Lake Elementary; and

WHEREAS, the Board of Education is in desperate need of property in the north end of Rutherford County to accommodate future growth in that area; and

WHEREAS, the property at Lavergne Middle School and Lavergne Lake Elementary was acquired for school purposes; and

WHEREAS, it is difficult for the Board of Education to locate property in the north end of Rutherford County for purchase;

WHEREAS, the remaining land at Lavergne Middle School and Lavergne Lake Elementary could serve as a Ninth Grade Academy and for other buildings to meet the critical needs of the school system in the north end of the County;

NOW, THEREFORE, BE IT RESOLVED BY THE RUTHERFORD COUNTY BOARD OF EDUCATION THIS THE ____ DAY OF OCTOBER, 2024, AS FOLLOWS:

The Board of Education opposes the location of a trash convenience center at Lavergne Middle School and Lavergne Lake Elementary.
